

2005 Income Tax Extension Payment

Your tax is due April 17, 2006, even if you are filing Form M1 after the due date. Use these instructions to determine the tax you must pay by the due date to avoid penalties and interest.

Do not use these instructions if you are filing Form M1 on or before April 17, or paying your tax after the due date.

All tax must be paid by April 17, even if you have an extension to file your federal return. There are no extensions to pay your Minnesota individual income tax.

If you will be filing Form M1 after the due date, estimate the total tax you owe and pay that amount by April 17, 2006. You can pay electronically, by credit card or by check.

If you pay after April 17, your payment will not be credited to your 2005 estimated tax account and your payment will be considered delinquent.

If you pay at least 90 percent of your total tax by April 17, 2006, and file your Form M1 with payment of the remaining tax due no later than October 16, you will not be charged a late payment penalty. If you fail to pay your tax as required, a 4 percent late payment penalty will be assessed on the tax not paid by April 17. Interest of 6 percent per year will be assessed on any unpaid tax and penalties from April 17, 2006, until paid in full.

To pay electronically

When you pay electronically using the department's e-File Minnesota system, there is no paper voucher or tax return to send with your payment, there's no registration and it's free.

Your payment will be credited to your 2005 estimated tax account. When you file your Minnesota return, include your payment on line 30 of your 2005 Form M1.

To do so, have your credit card ready, and go to www.officialpayments.com or call toll-free 1-800-272-9829. When asked, enter **3300** for the jurisdiction number (all taxpayers paying current year Minnesota individual income tax must use this number).
